## Effective preparation strategies for the summer

---

### Behavioral/fit questions

- 1 Meet with career center to assess current level and plan leading up to fall recruiting.
- 2 Research characteristics target firms look for (similar but NOT the exact same at all firms).
- 3 Spend time reflecting on your motivations, what makes you tick, how that aligns with consulting.
- 4 Develop the “personal brand” and 3 main points you want to convey. Your personal brand should be 1-2 sentences about what makes you stand out.
- 5 Develop 5-7 strong stories and 4-5 secondary stories to address the areas your target firms are looking for. Use either **STAR** format or another similar format.
- 6 Practice your stories for timing (1 – 2 minutes), structure, concision, and polished communication. Start practicing in front of a webcam or on [umn.interviewstream.com](http://umn.interviewstream.com), then with other students and the career center, then in full mock interviews.
- 7 Get continual feedback and take advantage of all the resources available to you!
